

Child ID Kit

A STRANGER SAFETY RESOURCE

CHILD'S NAME:

DATE:

smart. cool. safe.®
www.thesafeside.com®

My Safe Side Super Stats

Please fill in the info below about your child.

Full Name			

Nicknames			

Street Address			

_____	_____	_____	_____
City	State	Zip	
_____	_____	_____	_____
Race	Birth Date	Age	Gender
_____		_____	
Mother/Guardian's Name		Phone # (Circle one: work/home/cell)	
_____		_____	
Father/Guardian's Name		Phone # (Circle one: work/home/cell)	
_____		_____	
_____	_____	_____	_____
Eye Color	Hair Color	Height	Weight
_____		_____	
Medications		Blood Type	

Chronic Allergies/Illness			

Doctor's Name and Phone Number			

Emergency Contact Name and Phone Number			

My Photograph

Include a current photo of your child (head and shoulders).

One of the most important parts of this ID kit is keeping this photo current.

Date of picture / Age of your child in this picture

My Physical Features

Indicate any identifying marks on the figures below
(birthmarks, scars, etc.)

Circle if any of these apply to your child:

Glasses Braces on teeth Contact lenses Piercings

Braces on legs Prosthetic limb(s) Other _____

Describe features here:

My Pearly Whites

Please have your dentist complete this chart at your next visit.
Your dentist may use a different chart. If so, store it with this kit.

Fingerprints and DNA

Some child identification kits include a place for fingerprints. To be accurate and useful to law enforcement, fingerprints should be taken by a professional and recorded on acid-free paper.

A DNA sample is the most accurate form of identification. The Safe Side recommends use of the DNA Legacy Kit by LifePrint. It can be purchased at www.dna-lifeprint.com.

My Rules For Safety

- 1 I CHECK FIRST** with my Safe Side Adult (parents, guardians, or other trusted adults) before going anywhere, doing anything, helping anyone, accepting anything, getting into a vehicle, or leaving with anyone.
- 2 I TAKE A FRIEND** with me when going places or playing outside.
- 3 I TELL** someone NO if they try to touch me or do things in ways that make me feel scared, uncomfortable, or confused, because it's OK for me to stand up for myself.
- 4 I TELL** my parents, guardians, or other trusted adults if any thing happens to me.

Sometimes there are people who choose to trick or hurt others. There is no excuse — no one has the right to force, trick, or pressure people into doing things they don't want to do. So use these rules, and remember you are **STRONG** and **SMART**, and have the right to be **SAFE**. Always.

What To Do If Your Child Is Missing

Act immediately if you believe that your child is missing.

- ¥ If your child is missing from home, search the house checking closets, piles of laundry, in and under beds, inside old refrigerators—wherever a child may crawl or hide.
- ¥ If you still cannot find your child, immediately call your local law-enforcement agency.
- ¥ If your child disappears in a store, notify the store manager or security office. Then immediately call your local law-enforcement agency. Many stores have a Code Adam plan of action—if a child is missing in the store, employees immediately mobilize to look for the missing child.
- ¥ When you call law enforcement, provide your child's name, date of birth, height, weight, and any other unique identifiers such as eye glasses and braces. Tell them when you noticed that your child was missing and what clothing he or she was wearing.
- ¥ Request that your child's name and identifying information be immediately entered into the National Crime Information Center (NCIC) Missing Person File.
- ¥ After you have reported your child missing to law enforcement, call The National Center for Missing & Exploited Children on its toll-free telephone number, 1-800-THE-LOST (1-800-843-5678). If your computer is equipped with a microphone and speakers, you may talk to one of the Center's Hotline operators via the Internet.

Some child ID kits include a plastic bag or other container for hair or other samples. We don't recommend this type of DNA sample storage. If law enforcement agencies need a DNA sample, they will collect it in the home by taking a toothbrush, hairbrush or other items.
